

It's All Good.

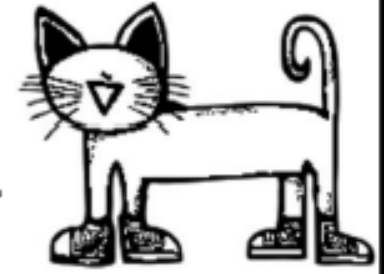

Entering First Graders Summer Reading

Students entering 1st grade should read the story, Pete at the Beach by James Dean. Parents are more than welcome to help students read the story if it is too difficult for your child to read. Then complete the three worksheets about the story.

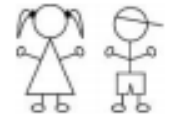

- 1.** On the first worksheet, your child should complete the boxes about the story elements (characters, setting, and what happened).
- 2.** On the second worksheet, please have your child write if they liked the story and why. Spelling does not have to be perfect!
- 3.** On the third worksheet, have the child fill the heart with things they love just as Pete loved the beach. They should think about what God does for them and their family.
